## Lithium batteries produced in Muscat

The company's concurrent priority is to set up a Battery giga factory by 2026. It will manufacture battery chemicals, cells and packs, leading all the way up to containerised energy storage solutions, and will include a Battery Recycling facility to deliver a truly integrated ecosystem.

## China to Invest USD One Billion in Lithium Battery Material Plant in Oman

Saturday - 6 June 2025, Zhongke Electric, a Chinese company, has announced plans to invest approximately USD 1.1 billion to build a lithium battery material manufacturing plant in Sohar Port and Freezone, Oman.

## Chinese Firm Proposes \$1.1 Billion Lithium Battery Plant in Oman

The new factory will focus on making anode materials, a key ingredient for EV batteries, with a target of producing 100,000 tonnes each year. The project will roll out in two phases, each taking about three years, and will make great use of Sohar's awesome port to ship products globally.

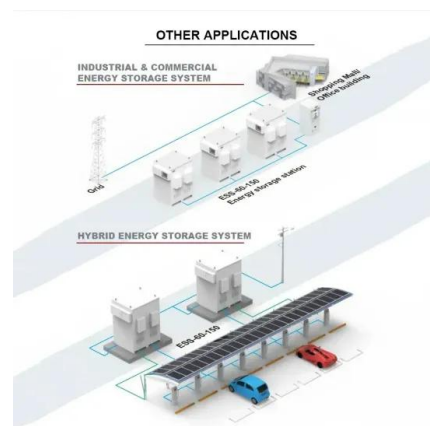

## \$150m investment to boost Oman's EV and battery sector

ELB& T plans to set up a manufacturing facility in Duqm dedicated to EV production, Lithium Iron Phosphate (LiFePO<sub>4</sub>) battery assembly, and Energy Storage Systems (ESS).

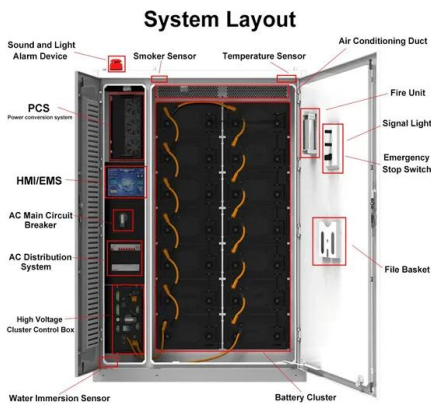

## China to Invest USD One Billion in Lithium Battery ...

Saturday - 6 June 2025, Zhongke Electric, a Chinese company, has announced plans to invest approximately USD 1.1 billion to build a lithium battery material manufacturing plant in Sohar Port and Freezone, Oman.

## Oman , History, Map, Flag, Capital, Population, & Facts

Oman, country occupying the southeastern coast of the Arabian Peninsula at the confluence of the Persian Gulf and Arabian Sea. Renowned in ancient times for its frankincense and

metalworking, Oman occupies a strategically important location, for which it has long been a prize for empire builders.

## Portal:Oman

Oman, officially the Sultanate of Oman, is a country located on the southeastern coast of the Arabian Peninsula in West Asia and the Middle East. It shares land borders with Saudi Arabia, the United Arab Emirates, and Yemen.

**Product Model**  
 HJ-ESS-215A(100KW/215KWh)  
 HJ-ESS-115A(50KW 115KWh)

**Dimensions**  
 1600\*1280\*2200mm  
 1600\*1200\*2000mm

**Rated Battery Capacity**  
 215KWH/115KWH

**Battery Cooling Method**  
 Air Cooled/Liquid Cooled

## Zhongke to build US\$1 bn lithium battery material plant in Oman

The company announced plans to invest US\$694 million to build the factory with an annual output of 100,000 tonnes of lithium-ion battery anode materials in April last year.

## Muscat Energy Storage Lithium Battery Wholesaler: Your Power ...

The muscat energy storage lithium battery wholesaler that'll actually future-proof your operation? They're the ones with IP67-rated batteries already tested in Duqm's salty winds.

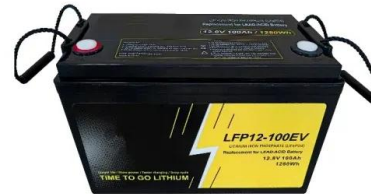

## [Oman country profile](#)

Oman is the oldest independent state in the Arab world. It is strategically placed at the mouth of the Gulf at the south-east corner of the Arabian Peninsula. From the 17th Century onwards, the

## **\$1 bn Li-ion battery materials project proposed in Oman**

Zhongke specialises in developing, manufacturing, and distributing graphite negative electrode materials for lithium batteries used in consumer electronics, electric vehicles, and energy storage. The company also produces electromagnetic equipment and other products.

## **About Oman**

Oman, an Arab country in the Southeastern coast of Arab Peninsula in Asia. It is bordered by the United Arab Emirates to the northwest, Saudi Arabia to the west, and Yemen to the southwest. It also overlooks the Arabian Sea on the southeast and the Oman Sea on the northeast.

## **Oman**

The name Oman is mentioned in Arabic sources as an independent region. Al-Istakhri and Ibn Hawqal refer to this in their sayings: "Oman is a region with independent regions with spacious people." Ibn Khaldun was more explicit in his definition of Oman.

## **\$1 Billion Li-ion Battery Materials Project Proposed in Oman to ...**

The project will focus on producing critical materials used in Li-ion batteries, which power everything from electric vehicles (EVs) to renewable energy storage systems. This investment marks a major step forward for Oman as it seeks to diversify its economy beyond oil and gas.
