

European Solar Energy Storage

Papua New Guinea solary battery

Overview

Who is solar energy Papua New Guinea?

We are Papua New Guinea's leading solar energy company, providing high quality solar services for your home or business through renewable energy.
WHY USE SOLAR?

Despite huge popularity in the rest of the world solar power has yet to take off in PNG.

Will Australia support Papua New Guinea's first solar power plant?

Australia supports the construction of Papua New Guinea's first utility scale solar power plant. Australia remains committed to this project.

Why should you use solar power in PNG?

WHY USE SOLAR?

Despite huge popularity in the rest of the world solar power has yet to take off in PNG. This is for a variety of reasons but with recent developments in the PNG energy market its now safe and legally compliant to use solar for certain applications.

Is it safe to use solar in PNG?

This is for a variety of reasons but with recent developments in the PNG energy market its now safe and legally compliant to use solar for certain applications. Our policy experts have worked closely with our engineers to develop a range of safe, economic and regulatory compliant solutions for using solar on your business or home.
