Home Battery , Backup Power & Incentives , Pick My Solar

Avoid paying 3 times as much for your energy during the afternoon and early evening by using the energy your solar system already created. Self-Consumption - Use your stored solar energy at night, when your system is no longer producing any energy. Avoid using dirty, night-time grid energy and power your life with 100% renewable energy

Customer Reviews

Pick My Solar helped us get the information needed for our federal tax rebate, a Dept. of Agriculture grant that our farm qualified for, and helped us understand the payback from our power company. My husband is very analytical, and the Pick My Solar reps always welcomed any questions we had and fully explained all the details.
