## Pitcairn's Environment

The Pitcairn Islands Marine Reserve, one of the largest on Earth, was established in March 2015 after years of collaborative efforts. Beginning in 2011, the Pew Environment Group's Global Ocean Legacy project worked with the Pitcairn islanders to create this marine sanctuary. In 2012, a National Geographic expedition assessed the health of the

## Island Evolution, Part 1: Pitcairn Island

The island shown here is Pitcairn Island, the island on which the sailors from the British ship HMS Bounty settled after their mutiny in 1790. High cliffs surround most of the island, making

access difficult--likely a primary reason the mutineers chose Pitcairn. The center of the island is green, covered with a dense forest.
