you.

Zigbee GT130 Gateway

The Zigbee protocol uses very little electricity to optimize the energy consumption of your devices. Quick and easy! The GT130 gateway takes just a few minutes to install.

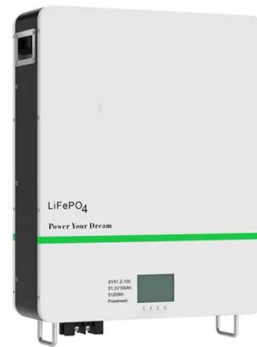

Pattern Energy sells 90MW of K2 Wind power facility in Ontario

In November 2018, Pattern Energy acquired a 35MW owned interest in the Stillwater Wind (Stillwater) facility from Pattern Energy Group 2 LP (Pattern Development 2.0) for \$23m. Pattern Energy acquired 51% of the class B interests in Stillwater, while Public Sector Pension Investment Board purchased 49% of the class B interests in the facility.

Renewable energy solutions for today

We work with renewable energy production, management of waste residues and water treatment solutions, helping islands to reach carbon neutrality. With over 20 years of

experience, Island Power Solutions is a specialized company of Universal Kraft, highly skilled in the renewable energy sector. We are specialists in design and integrate non

Pitcairn Islands

Various forms of evidence show the earliest settlers of the Pitcairn Islands were Polynesians who occupied Pitcairn and Henderson for several centuries until the islands were abandoned: Henderson most likely before the 16th century and Pitcairn in the 17th or early 18th century. The islands were uninhabited when they were discovered by Europeans.
