

## European Solar Energy Storage

# Port of Spain pumped energy storage project tender

## Overview

---

How are pumped storage hydro projects funded in Spain?

The programmes are funded through Spain's coronavirus recovery facility. The Institute for Diversification and Energy Saving (IDAE), the agency of the ministry for the ecological transition, will manage the tendering process. Applications for funding for pumped storage hydro project can be sent from September 22 until October 20, 2023.

What is Spain's energy storage program?

For stakeholders in battery storage, thermal storage, and pumped hydro, this program offers not only financial backing but also long-term stability and political support. Spain has launched a €700 million energy storage program to support battery, thermal, and pumped hydro projects, aiming to deploy 2.5–3.5 GW of capacity.

How much money does Spain spend on energy storage projects?

The Spanish ministry for the ecological transition on Friday opened two funding programmes, providing a combined total of EUR 280 million (USD 310.4m) in state aid to advance energy storage projects. Battery storage system in Murcia, Spain. Image by Iberdrola ().

How has Spain strengthened its energy infrastructure?

Spain has taken a decisive step in strengthening its energy infrastructure with the launch of a €700 million support scheme aimed at expanding large-scale energy storage across the country.

When can I apply for funding for pumped storage hydro project?

Applications for funding for pumped storage hydro project can be sent from September 22 until October 20, 2023. Submissions for standalone and thermal storage initiatives will be accepted from September 20 until October 18, 2023.

Is Spain ready for a grid-scale storage program?

With a July 15 deadline, the program is expected to attract interest from across the continent, particularly as the European storage market gains momentum. As of early 2025, Spain has roughly 1 GWh of grid-scale storage under construction, according to industry sources.
