# Portable solar container EPC service price in Portugal

## Overview

---

What is the best solar EPC for a carport?

If you're looking for a reliable and cost-effective solar EPC, Soleos is one of the best choices you can make. Solar solutions installed on carports are ideal for utilizing the parking space and providing shade and protection to the vehicles.

Is soleos a good solar EPC?

If you're looking for a smart and innovative solar EPC, Soleos is one of the best options you can consider. Figueira da Foz and other locations in Portugal Tarragona, Portugal Under Pipeline Interested in our services or need advice?

.

Does Nomad Electric have a solar power plant in Portugal?

Nomad Electric has completed the construction and commissioning of its first solar power plant in Portugal with a capacity of 8,4 MWp from the portfolio of installations which totals 45 MWp. The company has also signed a new Engineering, Procurement, and Construction (EPC) contract for the 24 MWp PV farm.

When will PV projects be fully operational in Portugal?

In August 2023, the Portuguese Ministry of the Environment issued new permits for the connection to the grid of PV projects with a total capacity of 5 GW. These projects are expected to be fully operational by 2030.

What is a solar panels on shipping container?

It not only transports the PV equipment, but can also be deployed on site. It is based on a 10 - 40 foot shipping container. Efficient hydraulics help get the solar panels ready quickly. Due to its construction, our solar panels on shipping container offers unmatched flexibility and maneuverability.

Does Nomad Electric have an EPC portfolio?

Nomad Electric currently has an EPC portfolio of approximately 420 MWp and is actively contracting additional projects on the Iberian Peninsula. Plans are also underway to expand operations into Germany and Italy," added Izabela Mielniczuk, Business Development Director at Nomad Electric.
