### LS Power Energizes Largest Battery Storage Project in the

...

SAN DIEGO, August 19, 2020 - LS Power today unveiled the largest battery energy storage project in the world - Gateway Energy Storage. The 250 megawatt (MW) Gateway project, located in the East Otay Mesa community in San Diego County, California, enhances grid reliability and reduces customer energy costs.

### Home

Operational since October 2018, the Maya project is the largest operational lithium-ion battery energy storage project in Mexico and helps balance the power flow of a 100MW+ industrial microgrid.

### Portland General Electric brings 475MW of battery

## storage online

Portland General Electric (PGE) has energised 475MW of battery energy storage to boost grid reliability and keep costs low for customers in the US state of Oregon.

## ENERGY STORAGE PROJECTS

The Department of Energy (DOE) Loan Programs Office (LPO) is working to support deployment of energy storage solutions in the United States to facilitate the transition to a clean energy economy.

### Compass Energy Storage Project

Compass Energy Storage LLC proposes to construct, own, and operate an approximately 250-megawatt (MW) battery energy storage system (BESS) in the City of San Juan Capistrano.

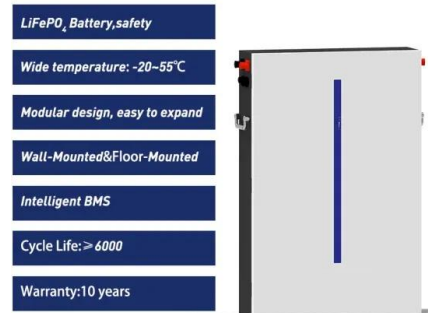

## **Plus Power Secures \$1.8 Billion for US Battery Storage Projects**

Learn how Plus Power LLC secured \$1.8B for their groundbreaking US battery storage projects to bolster the national grid with renewable energy.

## Top five energy storage projects in the US

Listed below are the five largest energy storage projects by capacity in the US, according to GlobalData's power database. GlobalData uses proprietary data and analytics to provide a complete picture of the global energy storage segment.

## PG& E proposes nearly 1,600 MW of new battery energy storage ...

Pacific Gas and Electric Company (PG& E) is proposing nine new battery energy storage projects totaling about 1,600 MW, as part of its mission to make California's electric grid stronger and more reliable.

## Copenhagen Infrastructure Partners Acquires Beehive Battery Energy

The project marks EDF power solutions' second stand-alone energy storage project, underscoring its commitment to innovation and the expansion of expertise in BESS technology.

### Lithium battery parameters

Product capacity: 100Ah

Product size: 135\*197\*35mm

Product weight: 1.82kg

Product voltage: 3.2V

internal resistance: within 0.5
