

## European Solar Energy Storage

# Pv storage container quotation in Bulgaria 2026

## Overview

---

How big is Bulgaria's solar PV capacity in 2024?

At the close of 2024, Bulgaria's solar PV capacity had already reached 3.91 GW—an annual increase of over 1 GW. These developments come on the heels of Bulgaria's first renewable energy auction held in late 2024, where more than 3 GW of generation and 1.176 GW of storage capacity were secured.

How much battery energy storage capacity does Bulgaria have?

Bulgaria has installed between 40 MWh and 50 MWh of battery energy storage capacity to date. However, new national legislation as well as funds provided through the European Union's Recovery and Resilience Facility (RRF) could add another 1 GWh of storage capacity over the next two years.

How will the selected storage systems be distributed in Bulgaria?

The selected storage systems will be geographically distributed across Bulgaria and connected either to the national transmission grid or local distribution networks. All awarded projects must be operational by March 2026.

How much money does the NRRP provide for energy projects in Bulgaria?

Under the RESTORE initiative, launched through Bulgaria's National Recovery and Resilience Plan (NRRP), the Ministry of Energy has selected 82 projects that will collectively receive BGN 1.15 billion (approximately \$675 million) in public funding.

How much funding does Bulgaria have for a decarbonization project?

Grant funding is capped at BGN 148.6 million per project, covering up to 50% of eligible costs, and limited to BGN 371,607.70 per MWh of usable capacity (excluding VAT). This tender marks a significant milestone in Bulgaria's broader decarbonization agenda.

to energy storage facilities in the electricity transmission system was issued for public ...

## Bulgaria Issues 3,000-MWh Energy Storage Tender

The projects must be commissioned by March 2026. How will Bulgaria's energy storage tender impact renewable energy integration and investment? Enhanced Renewable ...

## Energy Storage in Bulgaria Surges with 9.7 GWh ...

Energy storage in Bulgaria is expanding rapidly as the government awards nearly 10 GWh of capacity to 82 projects, boosting renewable energy ...

 LFP 280Ah C&I

## Bulgaria Auctions Off 3GW Renewable Energy and 1.17GW Energy Storage

The successful developers are required to complete their projects by March 31, 2026. This auction is a crucial part of Bulgaria's National Recovery and Sustainability Plan, ...

## Bulgaria launches consultation on 1.9 GWh energy storage subsidy - pv

The Bulgarian Ministry of Energy has opened a public consultation for a new round targeting 1.9 GWh of standalone storage capacity, building on the success of its initial ...

### APPLICATION SCENARIOS

## Bulgaria outlines EU-funded tender for standalone energy storage

The draft for the RESTORE public call for support to energy storage facilities in the electricity transmission system was issued for public consultation. Bulgaria earmarked EUR ...

## Bulgaria Announced Two Tenders for Solar Photovoltaic (PV) ...

For the first time in 2023, Bulgaria entered the group of European countries and installed more than 1 GW of new capacity for one year. Several large-scale solar photovoltaic ...

## Bulgaria Announced Two Tenders for Solar ...

For the first time in 2023, Bulgaria entered the group of European countries and installed more than 1 GW of new capacity for one year. Several ...

## Bulgaria Auctions Off 3GW Renewable Energy and 1.17GW

...

The successful developers are required to complete their projects by March 31, 2026. This auction is a crucial part of Bulgaria's National Recovery and Sustainability Plan, ...

## Bulgaria Allocates 3 GW of Renewables Capacity, 1.17 GW of ...

The first group contracted 435 MW of generating capacity and 176 MW of storage, while the second group secured 2.66 GW of generating capacity and 1 GW of storage. The ...

## Bulgaria launches consultation on 1.9 GWh energy storage ...

The Bulgarian Ministry of Energy has opened a public consultation for a new round targeting 1.9 GWh of standalone storage capacity, building on the success of its initial ...

## Bulgaria opens bidding for 3GWh standalone battery energy storage

The funding will be made available and disbursed to the selected candidates following the successful implementation of the storage systems by March 2026. The energy ...

## Energy Storage in Bulgaria Surges with 9.7 GWh Awarded Under ...

Energy storage in Bulgaria is expanding rapidly as the government awards nearly 10 GWh of capacity to 82 projects, boosting renewable energy reliability and grid stability.
