

European Solar Energy Storage

Qatar solar power supplier near me

Overview

Who makes solar energy in Qatar?

The state-owned group, Qatar Solar Energy, is a leading manufacturer of solar power components and last year opened the largest integrated production facility for solar energy systems in the Middle East and North Africa region. Even more recently, Qatar's Solar Technologies, took a 49% stake in German-based SolarWorld.

Does Qatar have solar energy?

The climate of Qatar lends itself to solar energy generation, although as a geographically small state it lacks the vast expanse of desert available for solar farms in neighbouring states.

How many solar PV projects are there in Qatar?

The installed capacity of solar power generation in Qatar was recorded as 5.1MW, as of 2020, which is far from the required targets to have a considerable share of renewables in the energy mix. Thus umpteen solar PV projects are lined up to boost the capacity in the nation.

Why should you choose solar thermal system in Qatar?

The success of our approach speaks for itself. We have developed solar systems installations across Qatar and these are increasing in size and number with each passing year. Solar thermal system is used to heat water, in Partnership with World top thermal brands, and we provide all kind of thermal products to meet all hot water demands.
