

European Solar Energy Storage

Saint Martin price of solar generator

Overview

Solar energy: Lorentz solar pool & well pumps; Residential/Commercial solar systems off grid, hybrid or grid tie systems; From our base in Colebay, we have provided solar services in and around St Maarten and St Martin since 1992, whilst supplying solar parts and solar accessories region-wide.

Solar energy: Lorentz solar pool & well pumps; Residential/Commercial solar systems off grid, hybrid or grid tie systems; From our base in Colebay, we have provided solar services in and around St Maarten and St Martin since 1992, whilst supplying solar parts and solar accessories region-wide.

* Commercial, residential and marine generators service * Water-makers, wind generators, solar panels and more * Tool services and repairs including Milwaukee and Makita * Starter Motor and Alternators services and repairs * Virtually any electrical needs you have – just ask! Address: 29 Wellington Rd. Cole Bay, St Maarten.

Solar generators come in at a range of price points, largely based on their size and power output. Smaller generators designed for basic power needs can cost as little as \$500, while larger models capable of powering an entire household can range from \$1,500 to \$5,000 or more.

The cost price for the needed solar panels are added to the appropriate inverter and come to a total package price including assemblage on Sint Maarten. In the calculation we are referring to 250 WP solar panels, each generating 500 Kwh in the Caribbean, measuring 1520 mm x 1038 mm x 34 mm on a pitched roof.

We are your one stop shop for power generator sets from 5KVA up to 4,000KVA, diesel or gas engines, for mobile, home, industrial, solar or marine applications. Brags & Hayes is the quality of service, pre and post-sale service and technical support, with more than 40 years of experience on the market.
