## Overview

---

Where can I buy power banks in Saudi Arabia?

You can buy power banks from eXtra Saudi at the best prices. Brands include Anker, Samsung, and Huawei, among others. eXtra offers home delivery or store pick up with every order.

What is a solar power bank?

A solar power bank is a portable device that can charge small appliances using solar energy. Jackery portable power banks are a popular choice when you're away from electricity, whether for an office trip or a family camping adventure.

Is Saudi Arabia a solar power hub?

Saudi Arabia's vast and arid regions are considered a great hub for solar potential. Rich in sunlight and gas, the Kingdom is moving toward diversifying its domestic power supply, and companies such as Saudi Aramco have been using PV panels as a renewable energy source since the 1980s.

Why is solar power important in Saudi Arabia?

Solar power in Saudi Arabia has become more important to the country as oil prices have risen. In 2021, 60.89% of energy consumed was produced by burning oil.

Does Saudi Arabia have a solar-research station?

In 2011, The United States and Saudi Arabia jointly set up a solar-research station in Al-Uyaynah village. The village, located about 30 miles northwest of Riyadh, had no electric supply at the time. The station is operated by the King Abdulaziz City for Science and Technology.

Does Saudi Arabia have a solar power plant?

The line's capacity was quadrupled within a year. Saudi Arabia's first solar power plant was commissioned on October 2, 2011, on Farasan Island. It is a 500 kW fixed tilt photovoltaic plant . Given that the cost of solar projects decreased by roughly 90 percent in the 2010s, petrostates in the Middle East have raised their ambitions.
