Power Up with Sawa Energy ? Since December 2022, Sawa Energy has been transforming Uganda's energy landscape, already powering over 7 businesses with clean, affordable solar energy.

Our team

Sawa Energy and its partners have experience building solar systems, with over 90 deployments already operational. We have also completed 13MW of energy projects within East Africa.

[Bulgarian Energy Holding EAD](#)

BEH Group forms the backbone of the energy system of the Republic of Bulgaria generating circa 55% of the electricity in the country through a mix of nuclear, lignite and hydro power and securing the supply of natural gas and coal. BEH Group is committed to operational efficiency and providing sustainable energy in Bulgaria and the region. [view all](#)

Our Story

Sawa Energy empowers East Africa's small and

medium businesses by reducing electricity pricing and volatility. We build, own, and operate solar systems for our clients, enabling them to go solar and save money without any upfront costs.

[Sawa Energy Attracts Investment](#)

"Our passion at Sawa Energy is to create a business that delivers on three critical fronts -- building partnerships with East African companies, reducing emissions, and providing robust returns to our investors," said Samuel Kaufman, Chief Executive Officer and co-founder of Sawa Energy as he emphasized the company's broader impact goals.
