Administrator Samantha Power Holds a Press Conference in Belgrade, Serbia

What I pledged to the leadership here in Serbia, and to everyone I am meeting is that the United States and USAID will continue to support Serbia on the reform path in every way we can. As we work toward a future where the relationships across the region are not sources of tension, but rather sources of enrichment - growing markets, sharing cultures and ...

Serbia lifts nuclear power ban

Vu?i? subsequently commented that Serbia needs four small modular nuclear reactors, as the country will use four times more energy by 2050 than it does now. He was cited by Tanjug as saying Serbia "has neither the knowledge nor the money for classical nuclear power plants, which cost between EUR11bn (\$11.6bn) and EUR13bn".
