SFC Energy

SFC Energy is a manufacturer of direct methanol and hydrogen fuel cells based in Brunenthal near Munich. The company also develops solutions [buzzword] for off-grid and stationary power generation and distribution. This also includes the production of voltage converters and switching power supplies. [1] The fuel cells are produced at the headquarters in Brunenthal.

Off-Grid Energy

Reasons to use SFC Energy fuel cells. Conventional power sources are often unreliable or offer only short periods of supply. Solar-powered systems cannot guarantee a reliable power supply throughout the whole year, batteries have very limited autonomy and generators produce harmful emissions. EFOY & EFOY Pro Fuel Cells are the perfect power
