

European Solar Energy Storage

Shanghai electric energy storage

Overview

Shanghai Electric has already successfully developed 5KW/25KW/50KW stacks which can be integrated into megawatt container-type vanadium flow battery energy storage system. Additionally, the team can also supply customized energy storage products and integral.

SHANGHAI, Sept. 19, 2023 /PRNewswire/ -- Shanghai Electric Energy Storage Technology, the energy storage subsidiary of Shanghai Electric (SEHK:2727, SSE:601727), recently received RMB400 million in Series A financing that will be used to inject added vitality into the development of its energy.

Shanghai Electric took the spotlight at SNEC PV Power Expo 2024, where it showcased the latest advancements in its solar, energy storage, and hydrogen solutions. The three-day event that started on June 13th also saw two of Shanghai Electric's subsidiaries - Hency Solar and Shanghai Electric Gotion.

Shanghai Electric Energy Storage Technology signed a 2MW/8MWh vanadium flow battery energy storage project with Japan EF! Source: <https://news.eccn.com>, 8 July 2024 On 2 July 2024, Shanghai Electric Energy Storage Technology Co., Ltd. (hereinafter referred to as "Shanghai Electric Energy Storage").
