

## European Solar Energy Storage

# Skopje coal-to-electricity energy storage project

## Overview

---

In early 2024, the government submitted a law to the Parliament under an urgent procedure which would allow a long list of privileges for the project, including an exemption from public procurement rules, a power/heat purchase agreement with relatively high off-take prices, exemption from future CO2 payments, provision of land at below-market-value, and legal disputes to be resolved in Paris rather than through North Macedonia's courts.
