

European Solar Energy Storage

Smart solar Bulgaria

Overview

When did smart solar - EOOD start producing electricity in Bulgaria?

On April 15, 2011, SMART ENERGY GROUP's first own 2MWp photovoltaic plant in the village of Rakovskovo was connected to the country's energy system and began producing electricity for the Bulgarian market. We thank SMART SOLAR - EOOD for the demonstrated high professionalism, use of new technologies in the field of solar energy.

Who is smart solar?

We offer the solutions you need! Smart Solar is part of the SMART ENERGY GROUP - leading companies in the field of the construction of photovoltaic plants and production of electricity from RES.

Why should you choose smart solar - EOOD?

We thank SMART SOLAR - EOOD for the demonstrated high professionalism, use of new technologies in the field of solar energy. The company's pricing policy is flexible enough. The offer provided by the company was much more advantageous than other competitors in the market. All deadlines were met.
