Smart Solar

The Global Smart Solar Market Size accounted for USD 16,877 Million in 2021 and is estimated to achieve a market size of USD 62,279 Million

by 2030 growing at a CAGR of 15.8% from 2022 to 2030. The growing demand for renewable and alternative energy sources is significantly driving the smart solar market value.

Smart Energy with a successful IPO on the Istanbul Stock

The solar energy industry provides jobs to around 100,000 people in Turkey, said Demirdag, who is also head of the Turkish Solar Energy Industry Association (GENSED). He also pointed out that about \$3 billion is generated annually in the solar economy. Smart Solar Technologies manages its production using the latest technology, the CEO said.
