Overview

Does Scatec have a solar power plant in Cameroon?

10 June 2024, Cameroon/Norway: Release by Scatec has entered into two new lease agreements with the national electricity company ENEO in Cameroon, expanding its existing solar and battery storage power plants in the country to 64.4 MW of solar and 38.2 MWh of batteries.

What is Smartech energy?

SMARTech Energy, an award-winning leader in energy management and reduction, is dedicated to assisting customers in reaching Net Zero targets. Discuss with us our Energy Efficiency as a Service (EEaaS), a revolutionary approach ensuring guaranteed savings without upfront capital expenditure, driving efficient energy solutions.

Are solar power plants generating electricity in Cameroon?

The solar power plants have been completed in phases generating electricity throughout 2022 and are now fully completed. There have been reports of significant improvements of electricity supply in the northern parts of Cameroon. Regions that fall under the Northern Interconnected Network were prone to experiencing power outages.

How much energy will release supply in Cameroon?

When the extensions of the projects are completed, Release's projects in totality will supply energy to about 200,000 households in Cameroon, according to ENEO estimates, generating an annual production of about 141.5 GWh of electricity.

Does Cameroon have a stable electricity supply?

There have been reports of significant improvements of electricity supply in the northern parts of Cameroon. Regions that fall under the Northern Interconnected Network were prone to experiencing power outages. Today we

are proud to say that they have more stable power in the country courtesy to our rapidly deployable leasing solution.

Why is Eneo focusing on carbon-free energy in Cameroon?

This new step towards more reliable and carbon-free energy is part of Eneo's strategy, which is central to its continued efforts, under the auspices of the Government of Cameroon, to sustainably improve on the power available in Cameroon," according to Amine Homman Ludiye, CEO of ENEO Cameroon.
