Overview

What is solar & storage live?

Solar & Storage Live is the UK's most forward-thinking, challenging and exciting renewable energy exhibition that celebrates the technologies at the forefront of the transition to a greener, smarter, more decentralised energy system.

What will SolarEdge do at solar & storage live?

“At Solar & Storage Live, SolarEdge will demonstrate its leadership in this transition by unveiling new innovations in hardware and software –designed to deliver even more power and greater cost savings to our customers.”.

What products / services will be showcased in solar & storage live?

Solar Storage,Power Quality Monitoring and Solutions,Electric Vehicle,Electric Vehicle Charging Stations,Energy Storage,Energy Storage Solutions,Demand Side Management Services,Renewable Energy,Solar Energy,Energy Management,power,energy etc. are some of the products / services to be showcased in Solar & Storage Live.

Is infrastructure a problem for solar projects in the UK?

Infrastructure continues to be one of the biggest hinderances on the widescale rollout of solar projects across the UK. This was a topic explored in detail by Nick Winsor, the electricity networks commissioner, in his landmark report released earlier this year.
