Construction begins on 20 MW solar plant in Namibia

Solarcentury Africa's 20 MW merchant solar project in northeastern Namibia has reached financial close. Once complete, the project will sell all its power on the South African Power Pool.

Namibia

NAMIBIA . Though it is large, the southwestern country of Namibia has a relatively small population -- and an interesting energy landscape. Namibia has a history of load shedding problems and has long relied on imported power from Eskom, on top of a low electrification rate of 56.3% (as of 2020). The drought at the Kariba Dam, the world's largest reservoir and a major ...
