## Sineng Electric and HD Hyundai Plaspo sign MOU for energy storage solutions

Sineng VP Zhengmao Jiang commented: "Both companies will engage in co-development of energy storage solutions applicable to residential, commercial and utility-scale scenarios, to unlock new opportunities in the renewable energy sector. By leveraging HD Hyundai Plaspo's influence and Sineng Electric's expertise, we aim to facilitate the

## SharedSolar System: Electrifying the rural world in Africa

The government of Equatorial Guinea has

selected MAECI Solar, together with GE Power and Water systems and Princeton Power Systems, to design Africa's largest self-sufficient solar microgrid, handling 100% of the island's energy demand. 70% of rural areas are either connected with mini-grids or small-scale stand-alone off-grid solutions

## Solar Energy Manufacturers, Suppliers & Companies Serving Equatorial Guinea

Solar - Model SMT60 & SMT130 - Solar Mobile Turbomachinery (SMT) Solar Mobile Turbomachinery (SMT) is the best solution for oil field power, remote power and trailer power in the industry, and in emergencies such as natural disasters where quick power is essential.

## Guinea-Bissau launches large-scale solar power with IDA support

The World Bank has announced that it will support the development of Guinea-Bissau's first solar power plants. Like other West African countries, Bissau wants to use this solution to decarbonise its electricity production and accelerate the electrification of its population. Guinea-Bissau wants to integrate solar energy into its electricity mix.
