Banks and Lenders Offering Solar Loans

Going solar is a big purchase for homeowners, which is why many people seek financing options for their systems. While factors like your credit score and debt-to-income ratio (DTI) typically influence approval and interest rates from lenders, there are still ways to qualify for a solar loan even if your credit isn't perfect.

Government rebates and loans for solar , energy.gov

A loan allows you to borrow part or all of the cost of your solar system and/or battery. By reducing or removing the upfront cost, an interest-free or low-interest loan makes solar or a battery more affordable because it can be paid off more quickly, potentially using the bill savings it creates. Eligibility criteria for loans may relate to:
