Solar Installation , Sun's Electric , Belize Solar Energy ...

Sun's Electric, with over 18 years experience offers design, installation, monitoring, maintenance, and repair of grid tied and off grid solar PV systems by a licensed electrician.

Best Angle for Solar Panels: It's Not Your Latitude

The most common answer to this question is to set the angle of your solar panels equal to your latitude. So, if your latitude is 30°, you'd set your solar panel tilt angle to 30° from horizontal. I was curious how accurate this rule of thumb is, so I ran an analysis comparing the solar panel angles derived from latitude to 2 alternative methods:

Solar PV Analysis of San Ignacio, Belize

Assuming you can modify the tilt angle of your solar PV panels throughout the year, you can optimize your solar generation in San Ignacio, Belize as follows: In Summer, set the angle of your panels to 1° facing South. In Autumn, tilt panels to 23° facing South for maximum

generation.
