Professional provider of solar mounting systems for residential, industrial or commercial properties around Mauritius. GECC Ltd. is entirely committed to delivering clean energy solutions that are customised to serve every need. We offer creative installation options for all kinds of projects.

The MAURITIUS SOLAR CENTER is unique in the world. All types of photovoltaic solar panels and all types of mounting systems are on display. Over 1,000 m² of roof-top showroom, over 1,400 m² of office and warehouse space (Design Office, Laboratory, Engineering, Storage area, Maintenance, Repair).

Return on Investment (ROI): Initial cost of purchasing and installing solar panels kept falling and falling resulting in a good ROI. Depending on factors like your location, energy usage, and incentives, solar panels can pay for themselves in a relatively short time through energy savings.

The grid-tied system is the most affordable system of all and allows you to sell your solar generated power to the CEB which in return makes you save big on your electric bill! Our smallest kit is the 1.5 kW system, which can cover a bill up to Rs 700. Additionally, clients can receive a maximum.

Just to give you an idea of what I am working on is: 8.8kw panels + 13.5 kwhpower wall with install in grid at around 35k\$. I have 2 Teslas and I can

recycle the li-ion batteries in the power wall. Not sure if there is a comparable system in Mauritius. ROI 8 years @prospectorland 8.8 kW panels and.
