

European Solar Energy Storage

Solar power storage box shipping and installation cost in Serbia

Overview

We have talked about solar energy in Serbia with Miodrag Vuković, founder and owner of solar energy solutions provider Conseko. Vuković is a pioneer in solar project development.

How can the state make it easier for people and businesses to produce and consume its own energy, as well as to sell surpluses?

For a start, according to Vuković, it is essential to streamline the procedures so that citizens and firms can install solar panels.

The purpose of building a solar power station determines the project development process as well as the duration of the entire enterprise. If individuals or legal.
