Introduction

Recycling is the process of converting waste materials into new materials or objects. In Trinidad & Tobago, however, we use the term "recycling" to cover mainly (1) the collection of waste materials for recycling; and (2), the processing of these waste materials via sorting, baling, etc. in readiness for sale to local and overseas recyclers.

Recycling revolution , Local Business , trinidadexpress

As recycling is gradually taking shape in Trinidad and Tobago's culture, one relatively new company is delving deeper to help reduce the negative impact plastic bottles have on the environment.
