247Solar, Inc.

247Solar Plant(TM) 247Solar Plants generate continuous clean energy all day and night, in any weather. Our next-gen concentrated solar power (CSP) plants capture the sun's energy at a higher temperature (970C) than regular CSP and store it in simple ceramic pellets.

Bringing Renewable Energy to Pitcairn Island

Several meetings were held on Island and by teleconference with our partners and the Solar Energy project began to take shape. The aim of the project is to ensure that every Pitcairn home and government building has a power connection from the grid to the household or building. Removing demand for fossil fuel.
