

## European Solar Energy Storage

# Solar tube well price in Serbia

## Overview

---

How much does a solar project cost in Serbia?

Second, on 14 June 2023, the MoE published the first-ever public call for auctions to award the right to market premiums for 400 MW of wind and 50MW of solar projects in Serbia. Bids are to be submitted by 14 August 2023. The maximum offered price is EUR 105/MWh for wind projects and EUR 90/MWh for solar projects.

Where will solar power be installed in Serbia?

The Ministry of Mining and Energy and EPS (Elektroprivreda Srbije) partnered with Hyundai Engineering and UGT Renewables to drive this project. Serbia will soon see six large solar plants strategically positioned across the country. Key locations include Negotin, Zaječar, and Bošnjace.

What is a 1 GW solar power project in Serbia?

1 GW Solar Power Project in Serbia, set to transform the country's renewable energy landscape and boost sustainability efforts.

How will solar projects be supported in Serbia?

The projects will be supported through contracts for difference for 15 years. The Serbian government has allocated a quota of 50 MW for its first solar auction. Solar plants with capacity of more than 500 kW will be allowed to participate in the competitive tendering process, with the ceiling price set at €90 (\$96.10)/MWh.

What does a solar project mean for Serbia?

For Serbia, this project means more than just meeting renewable energy goals. It promises energy independence, economic stability, and a sustainable energy supply. By creating a network of self-balancing solar plants, Serbia strengthens its energy security, attracts green investments, and aligns with global environmental standards.

How much solar power will Serbia produce in a year?

Only through strategic partnership and auctions (if successfully implemented) is Serbia expected to reach a capacity of more than 2.3 GW of new solar and wind power production facilities in the years ahead. Additionally, there are many projects developing on a commercial basis that do not count on incentives.
