

European Solar Energy Storage

Solis solar Gibraltar

Overview

Who is Solis solar?

A part of the Ginlong Technologies group, Solis has a rich heritage of over 20 years in the renewable energy industry, focusing exclusively on research, development, and manufacturing of PV (photovoltaic) inverters. We pride ourselves in delivering premium-quality, cost-effective, and sustainable solar solutions to homes across the UK.

What makes Solis solar inverters different?

Solis solar inverters stand out due to their exceptional performance, innovative technology, and robust build quality. Designed for both residential and commercial applications, Solis inverters offer a range of power ratings, from compact 700W models perfect for small installations, up to 255kW models designed for large-scale solar farms.

Why should you choose Solis Solar panels?

Solis Solar panels are chosen for several reasons: they are manufactured on the world's most advanced auto production line, including an auto inspection system and auto welding machine. This ensures a safe, environmentally friendly, and high quality product under strict standards.

Why should you choose myhomesolar for a Solis solar inverter?

Furthermore, Solis inverters offer excellent performance in low light conditions, ensuring you generate electricity from the early morning until late in the evening. Choosing MyHomeSolar for your Solis solar inverter guarantees you a seamless, efficient, and rewarding experience.

Who is CAPTCHA* Solis?

Other Countries and RegionsGlobal(English) Captcha* Solis is one of the world's largest and most experienced manufacturers of solar inverters supplying products globally for multinational utility companies, commercial &

industrial rooftop projects, and residential solar systems.
