

European Solar Energy Storage

Solplanet battery Ecuador

Overview

Does solplanet support hybrid inverters?

- Fully compatible with Solplanet's line of hybrid inverters.
- Easily track energy consumption and battery charge/discharge levels. Connect and monitor your battery using our mobile app available in the Apple App Store.
- Connect and monitor your battery using our mobile app available in the Google Play Store.

How does solplanet work?

Seamlessly monitor and manage your energy system remotely through the user-friendly Solplanet mobile application, allowing you to keep a close eye on the operation and maximize the yield of your solar installation. The modular design not only ensures scalability but also simplifies maintenance and upgrades.

Why should you choose solplanet AI-HB G2 series?

Installation and compatibility remain effortless, consistent with Solplanet's commitment to user satisfaction. The Ai-HB G2 Series promises a seamless and adaptable energy storage solution, delivering optimal performance and ease of use for both installers and users alike. Easy commissioning and monitoring with Solplanet app
