

European Solar Energy Storage

Somalia nadara energy

Overview

Is Nadara operating at scale?

Toni Volpe, CEO of Nadara, said: " At Nadara we are already operating at scale. Our new combined entity is one of the largest independent renewable energy companies in Europe and gives us the flexibility and agility to scale even more efficiently.

What does Nadara do?

As a developer, owner and operator, we generate and deliver dependable, clean electricity to Europe and the US, while safeguarding the environment and positively impacting local communities. From planning to production and consumption, Nadara has a strong track record of providing services at all stages of the value chain.

What is Nadara's long-term strategy?

Nadara, Europe's largest independent onshore wind producer, announces the new combined entity's long-term strategy, focused on scaling up and growing to deliver an 18GW development pipeline over the next 10 years, while maximising the value of its existing operating portfolio for stakeholders.
