Building Energy Management Systems

Effective Building Energy Management Systems (BEMS) reduce costs while improving staff comfort and working conditions. Whether you're a BEMS expert designing systems for your clients, you're involved in system or service procurement or you're a client looking for a complete solution, our expert team is here to help.

Distributed Generation Storage

SSE Energy Solutions is a renewable developer and asset owner, facilitating Net Zero through the decarbonisation of the grid and major energy consumers across the UK and Republic of Ireland. Our Distributed Generation and Storage team looks to facilitate change through the deployment of solar PV and battery storage.

Our Fuel Mix 2023/2024

At SSE Energy Solutions, our fuel mix is the combination of energy sources used to generate electricity for business customers. From April 2023 to March 2024, our fuel mix was 64% renewable. Customers on one of our renewable plans or tariffs were supplied with 100% renewable electricity from the grid, which was generated from our own wind farms

Glossary of energy trading

terms , SSE Energy Solutions

B. Base load The baseload (also base load) on a grid is the minimum level of demand on an electrical grid over a span of time. Power plants that do not change their power output quickly, such as large nuclear plants, are generally called baseload power plants.

Business gas and electricity

Not all green energy is equal. We're different because all our 100% renewable electricity is sourced from SSE's own UK wind and hydro assets. 1 Our renewable electricity comes as standard in all fixed plans, with a range of options for larger businesses on flexible contracts. You can make your business stand out even more with our SSE Green Gas products.

Pay your bill , How to pay , SSE Energy Solutions

Direct Debit is the easiest way to pay. It also protects you via the Direct Debit Guarantee and avoids the risk of late payment. If you don't have a direct debit set up, please return a completed Direct Debit mandate by email to DDmandate@sse .. If your payment method is budget Direct Debit, we'll take a set amount on your chosen date.

Industry collaboration to turn power grid transformers into

...

SSE Energy Solutions and the National Grid have unveiled plans for an innovative, carbon-cutting plan to transform transformers into boilers -

reducing emissions by millions of tonnes. SSE Energy Solutions and National Grid have today unveiled an innovative new project that could decarbonise heat networks, capturing waste heat from electricity
