Sun2000 battery Norfolk Island

Overview

Will the sun2000 3kti-l1 inverter work if there is no battery?

If so, the answer is no. This inverter will only work with high voltage batteries. Exclusively with Huawei LUNA2000 and LG Chem RESU series. SUN2000-3KTL-L1 user here. - If there is no battery, the Inverter will power up?

if so, what is its power source if not the battery?

the grid?

.

Can a sun2000 inverter work without a battery?

SUN2000 series are grid tied anti-islanding inverters, can't work in island mode (offgrid) on their own. With or without battery. That is correct. Unless you add a Huawei Backup Box to your system. SUN2000 series are grid tied anti-islanding inverters, can't work in island mode (offgrid) on their own. With or without battery.

Which inverter is compatible with Huawei sun2000 ktl-l1?

Compatible with the latest generation of Huawei SUN2000 KTL-L1 single-phase and Huawei SUN2000 KTL-M0 and Huawei SUN2000 KTL-M1 three-phase hybrid inverters. The modular system consists of a "Power Control Module" block on top and battery modules which are stackable together.

Does sun2000 do N-G Bond in off-grid mode?

Also all the neutral wiring became live. The thing is SUN2000 probably does not do an automatic N-G bond in off-grid mode (apparently some inverters do) and since the main grid breaker (dual pole) was open, I basically lost my N-G bond from the utility (because neutral line gets broken when main breaker is open).
