

European Solar Energy Storage

Suriname icis energy

Overview

Does Suriname have a strong oil & gas sector?

Suriname's oil and gas sector is taking off at a dynamic time for the global energy industry, with a worldwide energy transition and wars in Ukraine and the Middle East hampering supply. With TotalEnergies sanctioning a USD 9-billion offshore project, the country's policymakers are planning sustainable gains from a volatile sector.

How much oil does Suriname produce?

A CHANGING ENERGY INDUSTRY: As of today, Suriname's oil production is dominated by state-owned Staatsolie's onshore developments. The company currently produces 17,000 bopd, CEO Annand Jagesar told The Energy Year in a recent interview.

How many bopd does Suriname produce?

The company currently produces 17,000 bopd, CEO Annand Jagesar told The Energy Year in a recent interview. However, Suriname's energy scene is poised for major changes following a series of commercial offshore oil discoveries made in late 2019 and 2020 by APA Corporation, TotalEnergies, Petronas, Tullow and Kosmos.

How does Staatsolie power Suriname?

Staatsolie is responsible for around 75% of Suriname's power generation. The company operates a 96-MW thermal power plant through subsidiary Staatsolie Power Company Suriname. Part of its generated electricity and all of its process steam is used to power the Tout Lui Faut refinery.

How many barrels will Suriname produce?

The discoveries are estimated to contain more than 750 million barrels. The company is targeting production of 200,000 bopd via an FPSO, a game-changing volume more than 10 times Suriname's current output. 25 years of

output is forecast. The project will take place in water depths of 100-1,000 metres.

What is Staatsolie Maatschappij Suriname?

STAATSOLIE'S KEY ROLE: Staatsolie Maatschappij Suriname was established in 1980 to ensure a strong national role in the country's energy developments. Suriname follows the so-called Malaysian model, where a State company acts as both the national energy company and regulator, covering the responsibilities typically held by an energy ministry.
