Overview

What is TAE power solutions?

Learn more about TAE's fusion story. TAE Power Solutions has created a superior power management system for electric transportation by streamlining EV powertrain components, cost, and weight - combining that efficiency with the ability to dynamically monitor the battery's State of Charge and State of Health for unparalleled performance.

Who is TAE Technologies?

TAE Technologies (pronounced T-A-E) was founded in 1998 to develop commercial fusion power with the cleanest environmental profile. The company's pioneering work represents the fastest, most practical, and economically competitive solution to bring abundant clean energy to the grid.

Why should you choose TAE power solutions?

TAE Power Solutions is now adapting the same technology invented to power our fusion technology for your car, home, or business - accelerating the transition to an electrified world. TPS conducts itself to the highest ethical and environmental standards.
