Solar photovoltaic technology is one of the great developments of the modern age. Improvements to design and cost reductions continue to take place.

Solar panels with Titan? : r/kansascity

We're considering solar panels on our house through a 25 year contract situation. The deal seems pretty good, and I think we'll save money in the long run. But I'm a little concerned about the company. It's called Titan, and their online reviews are pretty abysmal. Does anybody have any direct experience with Titan?

Nominal Capacity
280Ah

Titan Solar Power (Out of Business)

I had my solar installed by the Titan in Feb. 2023, but the solar power wasn't ready to be used until the end of 2023, and I have to keep paying for the loan. After a long while, I got solar power up and running. But now my roof is leaking, and I tried to call them to come fixed, but I cannot reach anyone, and I just now found out they are
