## Overview

---

Will Turkey build a 'Türkiye axis'?

On the centenary of the Turkish Republic, President Erdoğan, who has been ruling Türkiye for the last two decades, has announced a new perspective on foreign policy for Türkiye's second century. He has named the long-term foreign policy vision as the 'Century of Türkiye' and declared his determination for building a 'Türkiye Axis.'

Why does Türkiye need a nuclear power plant?

Türkiye aims to add nuclear power into its energy mix in order to decrease negative environmental effects of energy production, to meet its energy demand increase as well as to reduce its energy import dependency. To this end, construction of Akkuyu nuclear power plant (NPP) is underway.

What is the international dimension of Türkiye's energy strategy?

The fundamental elements that constitute the international dimension of Türkiye's energy strategy are: 1. To ensure the diversification of routes and resources in the supply of oil and natural gas, taking into account the increasing demand and import dependency, 2. To contribute to regional and global energy security, 3.

Why is energy important in Türkiye-EU relations?

Energy constitutes one of the most important issues of Türkiye-EU relations. As an indication of the importance given to regional energy cooperation, Türkiye, with its indispensable position on ensuring energy security of Europe, joined the Energy Community with an observer status in 2006.

What is Türkiye's energy strategy?

The versatile structure of Türkiye's energy strategy and its energy import dependency brings international relations into prominence in this field. One of the main goals of Türkiye's energy strategy is to diversify routes and

resources to strengthen its energy supply security.

What is Türkiye's natural gas pipeline project?

TurkStream, Türkiye's natural gas pipeline project transporting Russian natural gas to Europe via Türkiye launched on January 8, 2020, with the participation of President Recep Tayyip Erdoğan. Also attending the ceremony were President Vladimir Putin of Russia, President Aleksandar Vučić of Serbia, and Prime Minister Boyko Borisov of Bulgaria.
