United Kingdom beny solar

Overview

Who is Beny new energy?

BENY New Energy is a protective components manufacturer founded in 2011, serving the global solar supply chain.

Where is Beny based?

BENY's headquarters is located in China, integrating research and development, manufacturing, and sales, equipped with robust supply capabilities. Furthermore, BENY has established local offices in Germany, the United States, and Brazil.

What is Beny's mission?

BENY's mission is to empower individuals and organizations to harness renewable energy for a more sustainable future. BENY provides both stand-column and wall-mounted DC charging stations for vehicles with a power ranging from 20kW to 600kW, equipped with one to three guns to meet various applications.
