Uzbekistan city energy solutions ltd

Overview

What is Stone City Energy's deal with Uzbekistan?

Stone City Energy made an agreement with the Government of the Republic of Uzbekistan to build a \$1.2bn combined-cycle gas turbine power plant in Uzbekistan. The power plant will have a capacity of approximately 1560MW and will be located in the Surkhandarya region of Uzbekistan.

Is Uzbekistan the largest electricity producer in Central Asia?

Alain Danniau, Managing Director and CEO of Stone City Energy, emphasised that Uzbekistan is the largest electricity producer in Central Asia and that energy consumption is expected to almost double in the next 10 years.

Did Uzbekistan sign a TPP deal with Stone City Energy?

On May 4, a hybrid conference was organised by the Embassy of Uzbekistan in Brussels on occasion of the signing of a USD 1.2 billion deal between Uzbekistan's Ministry of Energy and Dutch-registered company Stone City Energy for the construction of a Thermal Power Plant (TPP) in the Surkhandarya Region in South-East Uzbekistan.

How many MW will Uzbekistan's 550 MW power plant produce?

Once the 550 MW power plant is completed, our total installed capacity in the country will reach 1,030 MW. With 1,000 people employed in the installation phase, 850 of whom are from Uzbekistan, the plant will have enough capacity to generate electricity equivalent to the consumption of 1.6 million households.
