ENERGY STORAGE SYSTEM

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

The image shows a tall, grey Energy Storage System (ESS) unit. It features two vertical green stripes running down the center. In the middle, there is a blue hexagonal shape with a black lightning bolt symbol. At the top right, the letters 'ESS' are printed in green. At the bottom, there are two yellow warning triangles with black lightning bolts, indicating high voltage or electrical hazards.

Overview

Duke Energy Progress requested approval by the Public Service Commission of South Carolina (PSCSC) to build and own a 76-megawatt utility-scale solar power facility adjacent to the existing Robinson Nuclear Plant site located in both Chesterfield and Darlington counties.

Duke Energy Progress requested approval by the Public Service Commission of South Carolina (PSCSC) to build and own a 76-megawatt utility-scale solar power facility adjacent to the existing Robinson Nuclear Plant site located in both Chesterfield and Darlington counties.

GREENVILLE, S.C. – Duke Energy Progress today requested approval by the Public Service Commission of South Carolina (PSCSC) to build and own a 76-megawatt utility-scale solar power facility adjacent to the existing Robinson Nuclear Plant site located in both Chesterfield and Darlington counties.

Warsaw Farm Solar PV Park is an 87.5MW solar PV power project. It is located in North Carolina, the US. The project is currently active. It has been developed in single phase. Post completion of construction, the project got commissioned in December 2015. Description The project was developed by.

If approved, the project will be sited adjacent to the operational Robinson Nuclear Plant. Utility Duke Energy Progress requested approval by the Public Service Commission of South Carolina to build and own a 76 MW solar project next to the existing Robinson Nuclear Plant site in Chesterfield and.
