# Wholesale price of mobile solar unit in Philippines

## Overview

---

How much do solar panels cost in the Philippines?

Solar panel prices in the Philippines vary based on property type and other factors. For commercial properties, prices typically range from ₱20,000 to ₱30,000 per kilowatt, while residential installations usually cost between ₱30,000 and ₱50,000 per kilowatt. The cost of individual panels depends on their wattage, efficiency, and brand.
