(PDF) Utilization of Renewable Energy for Power Sector in Yemen

A severe energy crisis has plagued Yemen for decades, and most of the population lack access

to electricity. This has harmed the country's economic, social, and industrial growth.

Waste to Energy

Jacobi Ecosorb(TM) and Addsorb(TM) series are the best solution to treat these kinds of flue gas streams. Generally, the contaminant concentrations in these applications are relatively low, and powdered dosages typically range from 30-50 mg/Nm³ at typical gas temperatures of 130°C. Jacobi offers products from both the AddSorb(TM) and EcoSorb(TM) series of powdered activated ...
