Libyan Oil Ministry & Huawei Discuss Solar Energy Solutions

Last Thursday, Libya's National Oil Corporation (NOC) announced a significant increase in oil production, reaching 1.2 million barrels per day (bpd) just days after lifting force majeure on key oil fields and ports. This development comes as Libya resumes full-scale oil production following recent disruptions caused by internal conflict.

Libya Market Analysis :: Fitch Solutions

We at Fitch Solutions retain our core view that Libya will hold its first presidential election of the post-Qaddafi era on December 24, 2021. However, lingering uncertainty over the conduct and timing of the elections has prompted us to revise down our Short-Term Political Risk Index score for Libya from 33.8 to 31.7.
