Zimmermann solar Spain

Overview

What is the Zimmermann PV-Steel Group?

The ZIMMERMANN PV-Steel Group includes the PV-Fixed Tilt, PV-Tracker, PV-Floating and PV-Agri divisions. Cooperation between the various business segments fosters innovative ideas and developments across the business.

What services does Zimmermann offer?

Get an overview of our service portfolio. From planning to the last screw of the mounting frame, you will receive everything from one source – and a suitable solution for every project. The ZIMMERMANN PV-Steel Group includes the PV-Fixed Tilt, PV-Tracker, PV-Floating and PV-Agri divisions.

Who is Zimmermann PV-Stahlbau?

Since 19 June ZIMMERMANN PV-Stahlbau has been one of the TOP 100 most innovative medium-sized companies in Germany. Computer-controlled machines and production facilities are a guarantee for "top quality" at reasonable prices! Fast assembly due to few components and reduced use of tools.

How are Zimmermann products made?

Our products are designed and manufactured with German precision and sold through our own global network and partner companies around the world. ZIMMERMANN's highly qualified employees utilise the best raw materials available to produce our solutions using precise, fully automated, state-of-the-art manufacturing and production facilities.

Where is Zimmermann PV-Stahlbau made?

Made in Germany! Precision through CNC tube laser technology with company headquarters in Oberessendorf and production halls in Ritzenweiler. Since 19 June ZIMMERMANN PV-Stahlbau has been one of the TOP 100 most innovative medium-sized companies in Germany.

Why should you choose Zimmermann?

ZIMMERMANN guarantees our global customers top quality at market-driven prices! At our production site in Ritzenweiler, Upper Swabia, we maintain a large raw material warehouse and very modern machinery. We have more than 8,000 tons of various sheet metal and pipes in a wide range of grades and dimensions in stock.

Zimmermann solar Spain

About us
